PRESIDENT WILSON MAY TAKE STUMP IN OCTOBER

WASHINGTON, July 27.—Responding to an invitation to attend the pure food convention at Boston in October, President Wilson said it will be impossible for him to be present because he "expected to be very busy in October." This is interpreted as meaning he intended to take the stump for certain democratic candidates. The president said that if congress adjourned on September 12 he intended

to take a three weeks' rest at Cornish, New Hampshire.

Asked regarding a report the senate foreign relations committee decided to sidetrack all Bryan's peace treaties as well as the Nicaraguan and Colombian pacts, the president said he had not been informed of any such action, and didn't believe it would be taken. He said he proposed to use all possible influence to get action on the treaties.

By covering up their tracks some men get credit for walking in the straight and narrow path.

He went to jail. According to the police, McDonald in company with a young fellow known locally as the "Hobo Kid," went to Ackley's place of business on Cottonwood street about 6 p. m. Saturday evening and, after quarrelling with the proprietor over a loaf of bread, proceeded to break chairs and dishes and maul Ackley. They beat the man so badly that a physician had to be called. G. H. Orr, who was drunk and disorderly on west Webb street and who had to be subdued by Officer John Russell before he would submit to arrest, paid a \$25 fine this morning.

"Nature Man" in Pendleton.

With no hat or other covering on his cotton head, coatless, his shirt open from the waist to the neck and his sleeves amputated at the shoulder exposing a bronze neck and arms, and with bare feet encased in a pair of brogans slit from toe to top, a young man wandered up and down Main street this afternoon munching apples, popcorn and ice-cream cones and exciting the curiosity of all he met. He walked deliberately and with an air of absolute unconcern for the attention he was attracting. Aside from his scant attire, the principal things noticeable about him were his white eye-brows and hair. His whole appearance was enough to make many wonder if Joe Knowles, the nature man, had reached Pendleton.
